“Every child is an artist, the problem is staying as an artist when you grow up”

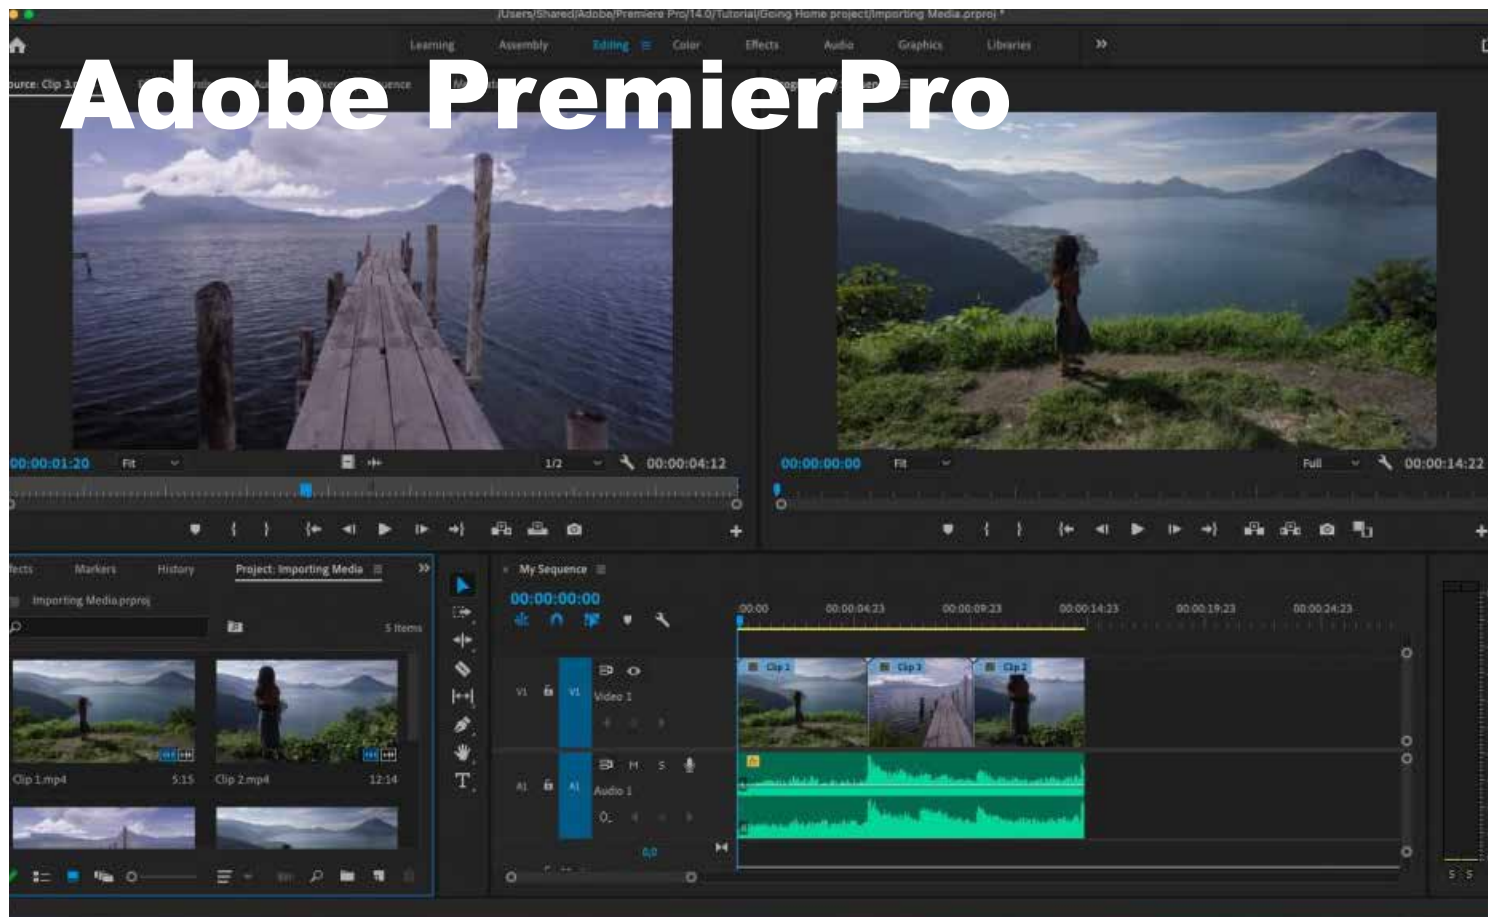

– Pablo Picasso

ToonOne Animation Studio stands as a beacon of educational excellence in Nagpur, setting the bar high with its diverse range of Diploma courses in Graphic Designing. As a vibrant production house, we bring a profound understanding of the constantly evolving Graphic design industry to the forefront. Drawing from this deep industry knowledge, we’ve meticulously crafted a curriculum that seamlessly blends traditional craftsmanship with cutting-edge tools, paving the path to a triumphant career in Graphic design.

Our curriculum, the result of four years of dedicated effort, comprises a one-year diploma program consisting of four core modules: “Advertisement Design,” “Graphic Designing Software Proficiency,” “Advanced Editing,” “Motion Graphics,” and “VFX Software Mastery.” We also prioritize the development of strong pencil-based illustration and drawing skills.

At ToonOne, we prioritize holistic skill application, emphasizing curriculum-based approaches that distinguish us from the tool-centric instruction commonly found in the region. This approach rigorously molds our students into highly skilled Graphic design professionals.

Our curriculum’s effectiveness is underscored by the remarkable fact that over thirty companies in and around Nagpur have chosen to collaborate with us, entrusting us with their campus placement initiatives. Notably, a significant number of our students secure job offers well before completing their respective courses, a testament to the quality of education we provide. Join ToonOne Animation Studio and embark on a journey towards a thriving career in Graphic Design.

Adobe PremierPro is a timeline-based video editing software application developed by Adobe Inc. Adobe Premiere Pro is a successor of Adobe Premiere (first launched in 1991). It is geared towards professional video editing, Premiere Pro can be used for all common video editing tasks necessary for producing broadcast-quality, high-definition video. It can be used to import video, audio and graphics, and is used to create new, edited versions of video which can be exported to the medium and format necessary for the distribution.

Introduction:

Welcome to the dynamic world of ToonOne Animation Studio, where creativity knows no bounds. In our relentless pursuit of excellence, we leverage cutting-edge tools and technologies to bring imagination to life. One such indispensable tool in our arsenal is Adobe Premiere Pro, a cornerstone in our video editing process.

Premiere Pro at ToonOne:

At ToonOne, we understand the pivotal role that video editing plays in the storytelling process. Our team of skilled editors harness the power of Premiere Pro to elevate our animations to new heights. Here's a glimpse into how Premiere Pro seamlessly integrates with our workflow:

1. Intuitive Interface: Premiere Pro welcomes our editors with an intuitive interface, ensuring a smooth and efficient editing experience. From importing footage to the final export, the user-friendly design enhances our productivity, allowing us to focus on what matters most – crafting compelling stories.

2. Dynamic Editing Tools: ToonOne thrives on pushing the boundaries of creativity, and Premiere Pro stands as a steadfast companion in this journey. The dynamic editing tools empower our editors to cut, trim, and manipulate footage with precision, enabling the seamless flow of our animated narratives.

3. Stunning Visual Effects: Premiere Pro serves as a canvas for our visual effects artists, allowing them to weave magic into our animations. From subtle enhancements to awe-inspiring visual spectacles, the software's robust capabilities enhance our storytelling, captivating audiences with every frame.

4. Audio Mastery: In animation, sound is just as vital as visuals. Premiere Pro's audio editing features empower our team to fine-tune every beat, ensuring that the auditory experience complements the visual narrative seamlessly.

5. High-Resolution Output: ToonOne prides itself on delivering animations of the highest quality. With Premiere Pro, our editors can export videos in stunning high resolution, ensuring that our creations shine on any screen, big or small.

About ToonOne Animation Studio

The foundation of Toonone Animation Studio was established by GIPL, an IT Solution-Based company founded in 2002. Our mission was to create original animation content for the rapidly expanding domestic and international markets. We take pride in being the exclusive animation studio in Nagpur that produces animated series for renowned national-level broadcasting channels such as Sony, Pogo, and Discovery Kids.

Since our inception, we have successfully crafted three animated feature films: 'ABHIMANYU' (105 minutes), 'LAXMIBAI OF JHANSI' (45 minutes), and 'SHAKUNTALA' (50 minutes). These films are currently available as home videos and are slated for release in the domestic market in the near future.

In addition to our film projects, we have collaborated with esteemed clients like VICCO Laboratories, Plasto, and Hadriam, creating compelling advertisements. Furthermore, we specialize in producing corporate videos and presentations for notable companies such as Reliance Power, Mahindra & Mahindra, IndoEduNext, VNIIT, and Jayka Group of companies. Our strong affiliations with prominent production houses like ZEE Tele Films and Sony India reflect our commitment to developing top-notch animation content for the Indian market.
